Unpacking your Zhu Zhu Aquarium™ Speedboat & Dock

Remove all contents from package and discard any rubber bands, wire ties or other packaging materials that are not part of the product.

Please Note

- Retain these instructions as they contain important information.
- Read all of the instructions before assembling your Speedboat & Dock.
- Some adult assembly is required.
- The ZhuZhu Aquarium™ Speedboat & Dock is a toy. It is not intended for use with live animals or in water.

The Speedboat & Dock are made to be used with Zhu Zhu Aquarium™ Fish which are sold separately. The Speedboat & Dock works best on an open floor.

For more information on the Zhu Zhu Aquarium™ and other aquarium add-on sets and accessories please go to:

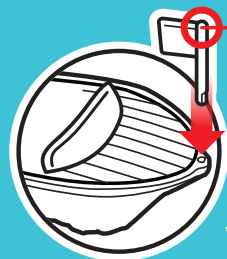

www.zhuzhuaquarium.com

2

Assembling the Flag

Attach the flag to the front of the Speedboat by pressing the flag pole into the "D" shaped hole on the front of the boat as shown. **NOTE:** the flag faces to the rear of the boat and the pole is keyed to fit the hole snugly.

Two Ways to Play

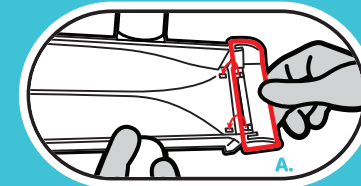

The Speedboat & Dock can be used as standalone items or with the Ramp & Tunnel, and connect to other play sets from the world of Zhu Zhu Aquarium™.

In either case, Fish will swim across the Dock, board the Speedboat, and Zhu-oom off to a day of aquatic fun.

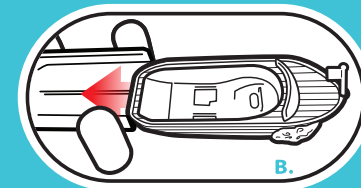

1. Using Speedboat with Dock

- A. Attach the Ramp to the back of the dock. Start at the top and snap the ramp down into place.

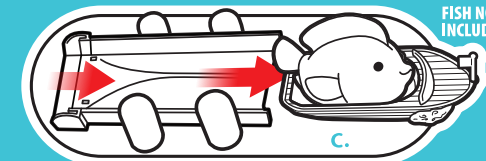

3

- B. Align the back of the Speedboat up with the front edge of the Dock.

- C. Position Fish to swim up the Ramp and off the Dock into the Speedboat (Fish will **NOT** make specific boat noises and actions without going through the Tunnel first).

FISH NOT INCLUDED

4

• FISH SOLD SEPARATELY!

- DO NOT PUT FISH IN WATER!
- KEEP HAIR AWAY FROM WHEELS!

2. Using Speedboat & Dock with Tunnel

- A. Attach the Ramp to the opening of the Tunnel **before** the engraved message: **TO BOAT** →. Start at the top and snap the Ramp down into place.

- B. Attach the Connector to the opening of the Tunnel **after** the engraved message: **TO BOAT** →. Start at the top and snap the Ramp down into place.

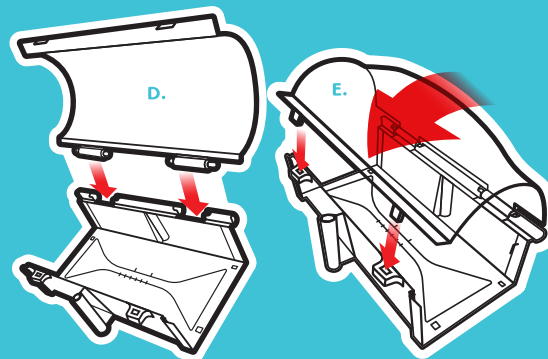

- C. Similarly, attach the Dock to the open side of the Connector by starting at the top and snap the Ramp down into place.

5

- D. To attach the Tunnel top, press one post on the Tunnel top into the hinge notch on the matching Tunnel base. Snap in the other post.

- E. Close the Tunnel top, noting how the other side of the top snaps into place.

- F. Putting it all together. **NOTE:** Fish will not make specific boat noises and actions without going through the Tunnel via the same direction of the engraved message.

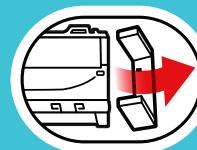

6

Troubleshooting

- Designed to act randomly and unpredictably, Fish may not act the same each time.
- If Fish gets stuck entering the Speedboat and Dock, check all the snaps and connector junctions. Be sure the boat is snugly located against the lead edge of the dock.
- Your pet works best on smooth, hard, even surfaces. It will not work in water, carpet, or other soft surfaces. Do not use in sand or grass.
- The Speedboat works best outside the track and other open surfaces.
- If Fish does not move on the Speedboat, make sure the wheels are still lined up with the openings towards the back of the boat.

Disassembly

Removing U-connectors, gently pull apart from the bottom.
